## Preamble

"Make My Dream" Foundation is established on 27th March, 2009 with an intention of preservation of basic rights of physically challenged persons. The basic issue is of their inclusion in the society as a normal human being. "Make My Dream Foundation" is a Charitable Trust registered under Bombay Public Trust Act 1950.

"Make My Dream" is a genesis related to the personal and physical travel of Medha, Founder and Managing Trustee of "Make My Dream" and herself suffering from congenital ailment.

There was a time when life felt an unending journey through pain, sufferings and mental torture. Driven by Spiritualism, philanthropic attitude and patronage of her parents, family members and able guidance of great personalities met in her life path, helped her to overcome the mental trauma and depression. Her Parent's commendable approach in her brought up like a normal child, made her self-reliant in many areas of life. That apprehends her mind with duty towards fellow sufferers and an urge for showing them a brighter path, extended birth to start an idea of Make My Dream.

Ideas give birth to creativity. Creativity expands to innovation when the need arises. Origin of 'Make My Dream' is one such occurrence when creative ideas gave birth to an innovation, a dream.

## Our Focus

We focus to motivate the physically challenged persons (we call them special children) to dream big and work hard to make their dreams come true. Most of these children have a reservoir of potential and talent but they are unaware of their own abilities and we are focused to exploit optimum of their potential and capabilities for reaching them to the highs of life, we promulgate that if given the adequate support and opportunities, these people can create wonders.

We are committed to changing the apathy and boredom that surrounds their **education, employment and inclusion into a society as a human being**. The principal aim is a radical change of attitude towards people with disabilities all around us.

Our Organization is non-government, non-religious, non-political and non-profit making. It works alongside these special children, offering them assistance and supporting them in their efforts to become **self-reliant**.

## Highlights

- ❖ Quality Education tailored to the Candidate
