Regn. No.: E 5330 (Pune), Under Bombay Public Trust Act, 1950.

# From the Desk of Managing Trustee...

Dear friends.

I am always glad when I get a chance to share with you the views of "Make My Dream", progress of the candidates and enlighten the activity of "Make My Dream". Through the newsletter, we try to make a cohesive ambience with the persons connected with Make My Dream.

It gives me immense pleasure in communicating to you about the experiences of the past six months. It was a bundle of energetic activities, contentment and enthusiastic success stories.

I am proud to state that through our unique counseling, our candidates are on the path of complete make over, which is the motto of "Make My Dream". Let me elaborate.......

Everybody knows our slogan is "Completeness with Unlimited Abilities". Just stretch your minds, what it could be exactly..... I always say, Make My Dream Foundation is not only a social Institution. It is much more beyond that. It is a meaningful thought... Every person taking birth on this earth is first of all a human being, then why this discrimination of able and disable? All human beings are bound to see the dreams and pursue it, it's their natural instinct. God has given different abilities to different persons. Yes, the physically challenged is materially incomplete as far as outer appearance is concerned but then what about the inner potential and abilities one has? Abilities are God's gift, so we promulgate that these are special creation of God with "Unlimited Abilities" so "Complete in all Respect". Just one has to modify the vision.

With this, I conclude that our candidates i.e. the stars of Make My Dream have set up their mind that they are complete in all respect and advancing towards achievement of theirs dreams / goals. This is just possible because of self healing thoughts they received through our counseling and personality development coaching.

The success of the personality development sessions made available to the candidates is that now they have came out of their shell and their mindset is ready to pursue their dreams with flying colours making aware their own "self". I must thank to Shri. Amit Deokule, who bestows his sincere contribution in all our endeavors.

Through our rehabilitation program our children are receiving many more opportunities like quality education, motivational books, health upkeep, personality development, communication skills and entertainment. All this leads to tremendous boost up in their confidence level and they are positioned to prove themselves as a good human being, a responsible citizen and a special childran of God Alimighty.

With this great achievement, we are encouraged to enhance the number of candidates under support to 14 as against the previous of 7. Considering the number of candidates refrained from taking education after 10<sup>th</sup> due to non availability adequate support programs, we are trying to reach these underpriviledged masses through our currently activated project.

While executing the rehabilitation program, we have experienced great difficulties in making arrangement of hostels stay for candidates. As such, setting up of "Complete Rehabilitation Centre" is becoming the vital issue and urge for execution of rehabilitation program.

As such during this year, we are in the process of arranging fund raising programs for acquisition of the land admeasuring 1 to 2 acre for the project at the outskirts of Pune city.

I look ahead for your unreserved support in all our endeavors towards accomplishing and implementation of Phase II, which is a dream project.

My sincere thanks to everybody for supporting our activity and endeavors.....

Medha Kulkarni Managing Trustee

# **Unique Counseling / Personality Development**

Our UNIQUE counseling centre is working wonderfully and we are receiving tremendous positive response from the candidates to our "one to one" counseling and relentless efforts towards their personality development. The candidates are now motivated. We are proud to state that we have succeeded in removing the negative emotions about handicapness from their mind. A "self help" concept is adequately inculcated. With this booster dose our candidate's succeeded in climbing up of "Parvati Hill" in a record time of 20 minutes holding the crutches and calipers.

Coach Amit Deokule is striving hard to do his best for Make My Dream's stars and extended his helping hand in many aspects, like On the Job Training placements for the candidates, career counseling to new incumbents. Our sincere thanks to his unreserved support....

**Shri Kondejkar kaka**, Rugnmitra has offered his helping hand in all respect like collecting donations, taking the activity to masses, coordinating for candidate's health check up and follow up.

We are very much grateful for the volunteer services of all as they are taking relentless efforts for our candidates for improving their skills, for introducing them with the new avenues and creating more and more opportunities for them.

We can see a ray of hope observing a change in the mind set of the society about inclusion of these special children in the society as a normal child, by changing the boredom that surrounds their education, employment.

You all are aware that initially our candidates were humiliated while traveling through the public transport i.e. bus. Now we are very happy to state that with the patience these children are succeeded in changing the apathy. We are also thankful to the Bus drivers / conductors for accepting our children as a human being.

We get boosting encouragement in advancing our rehabilitation program passionately from such experiences.

So Thanks to All.....

# **Humble Appeal**

You are aware that under Phase II, we have planned to set up a complete Rehabilitation Center to cater the basic needs of these special children, like food, shelter, education and medical aid, counseling, vocational training and cultural and recreational facilities. It is a dream project for us and we are sure that we will be successful in implementing the same as scheduled with the kind patronage of our donors.

Yes, the work need to carry out by manifold hands then only it will definitely reach to desired goals. It is the work of masses and requires small share from individual belonging to the society, for bringing the parity between the society and duty towards all the special fellow sufferers.

# **Events coming up**

Our Trust aims at becoming "Self Reliant" in every aspect including financial matters at the earliest and hence a sincere appeal to our donors to come forward and join our hands.

These Special Children will ever remain grateful for every opportunity received by them and shortly will be self reliant in every aspect of life and will be in a position to offer equal opportunity to their fellow sufferers.

Needless to mention our donors are eligible to get 50% exemption under section 80G of Income Tax Act, 1961.

We are coming up with the Fund Rasing program shortly..... We are sure that you will make it successful and support to us as always.....
