## **Significant Accounting Policies:**

### **a. Basis of Accounting**

The Trust is following mercantile system of accounting and the accounts are prepared under the historical cost convention using the accrual method. Accounting Policies, not referred to otherwise, whether material or not, are consistent with generally accepted accounting principles in India and all known liabilities & losses are accounted for on the basis of available information with best estimate, wherever necessary

Trust is consistently following all applicable Accounting Standards which is specified by the Institute of Chartered Account of India and the notified by the Government of India.

### **b. Use of Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the reported amounts of revenue and expense for the period. Key estimates made by the Trust in preparing these financial statements comprise valuation of inventory, useful lives of assets, expenses, income and deferred taxes. Actual results could differ from those estimates. Any revision to accounting estimates are recognized in the period in which such revisions are made.

### **c. Corpus Fund**

Donations received with the specific direction that they shall form part of the Corpus Fund of the Trust and it has been accounted accordingly.

### **d. Earmarked and Other Funds**

Donations received with specific directions or specific use forming part of Earmarked and Other Funds are classified as such and credited directly to the Earmarked and Other Funds in the Balance Sheet

### **e. Investments**

Investments are stated at cost. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary.

### **f. Fixed Assets**

Fixed assets are stated at acquisition cost less depreciation and impairment losses, if any. Cost of fixed assets comprises purchase price and any attributable costs or incidental expenses incurred for the acquisition or installation of the asset, net of credits availed, for bringing it to its location and working condition for its intended use. Internally manufactured/ constructed fixed assets are capitalized at factory cost, including taxes, where applicable. Fixed assets are eliminated from financial statements, either on disposal or when retired from active use. The retired assets are disposed off immediately.

**g. Depreciation:**

Fixed assets are carried at cost less accumulated depreciation. Cost includes freight, duties, taxes and incidental expenses related to the acquisition and installation of the assets. Depreciation is charged over the estimated useful life of a fixed asset on written down value basis. The useful lives of the groups of fixed assets are taken as per Income Tax Act.

Assets purchased/sold during the year are depreciated on Income tax provision basis. Fixed assets where the useful life is over, those are written off through retained earnings.

**h. Inventories**

Inventory is valued at cost. Cost of inventory comprises purchase cost and all expenses incurred in bringing the inventory to its present location and condition.

**i. Impairment of Asset**

The carrying amount of the trust assets is reviewed at each Balance Sheet date to determine whether there is any indication of impairment. If any such indication exists, the assets recoverable amount is estimated, as the higher of the net selling price and the value in use. An impairment loss is recognized whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. If at the balance sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reinstated at the recoverable amount subject to a maximum of depreciable historical cost

**j. Revenue recognition**

Revenue recognized to the extent that it is probable that some benefit will flow to the trust, there is reasonable certainty of collection and it can be estimated reliably.

Revenues primarily consist of income from rent, investments and contributions in the form of donations and programs and events for the object of the trust.

Income from Investments consists of Interest income on deployment of funds, which is recognized using the time-proportion method, based on underlying interest rates.

Income from other receipts, if any, is recognized when the associated obligation is performed and right to receive money is established.

**k. Income tax**

The Foundation is registered under Section 12AA of the Income tax Act, 1961. Under the provisions of this Act, the income of the Foundation is exempt from tax subject to the compliance of terms and condition specified therein.
