

From the Desk of the Chairman...

Greetings, everyone!

I trust this message reaches you in good health and high spirits. I hope this message finds you well.

Last year, Make My Dream Foundation celebrated 15 years of a remarkable journey. These 16 years that feel like a dream filled with perseverance, impact, and growth. What began with helping differently-abled students continue their education after 10th grade evolved into a mission of "Empowering through Education." The mental strength of these children inspired us, turning every challenge into a path of discovery. Alongside success stories came setbacks, each offering valuable lessons. We identified diverse needs within the community and explored creative, holistic approaches for their development. Recognition from all walks of life affirmed our purpose and fuelled our unwavering commitment.

Our victories were shared with all who supported us. By understanding diverse needs within the differently-abled community, challenges became opportunities, leading to innovation, growth, and meaningful solutions along the way.

During the academic year 2024-2025, we continued providing financial support to 9 candidates from previous batch. This year, our support initiatives have included individuals with hearing impairments.

Over 16 years, we've observed a decline in candidates with locomotor disabilities, alongside a rise in those with hearing impairments and visual impairments, especially from rural Marathwada. As disability patterns evolve, we have adapted by prioritizing inclusivity and remain committed to offering holistic support to help individuals overcome emerging challenges and thrive.

During August – September 2025, we achieved a significant milestone by completing our third and fourth Sound Processor Replacement projects for candidate Gauri Pansare and Raturaj Belanke. We take pride in our progress, which reflects our commitment to launching at least one dedicated project each year to support individuals with hearing impairments. We strongly believe that meeting the needs of the hearing-impaired is essential in today's world, and we remain dedicated to advancing our efforts in this important area.

I am deeply thankful for the generous support from individual donors, which made last year's projects possible.

On January 19th, 2025, we achieved a remarkable win by organizing a trekking expedition for 17 hearing impaired individuals and 3 locomotor impaired individuals. This time, Make My Dream Foundation organized a trek to Sajjangad, beautifully combining the spirit of adventure with deep devotion. The experience taught candidates to embrace every situation with love and positivity, capturing the true essence of life's meaning.

After a decade of pursuit, our true dream is now close to becoming a reality. We invested great effort in finding the perfect land for Gurukul and have successfully identified a 50,000-square-foot plot in Village Sangvi Khurd, near Nasarapur. The purchase process is underway, and we expect to take possession within a month.

Acquiring land is the first step of the Gurukul Project. Ahead lies the journey of building a dream home for these divyang children and creating a transformative environment for individuals with diverse physical disabilities. This initiative will offer a comprehensive, supportive, and inclusive residential facility to improve quality of life and promote self-reliance among its residents.

Gurukul will be a platform that offers these children every opportunity to thrive. Our goal extends beyond education to instilling values of responsibility, integrity, and devotion. Through holistic development programs, mentorship, and ongoing support, we aim to empower them to become confident individuals who positively impact society and embrace a strong sense of national pride. More than just a hostel, Gurukul will provide a nurturing environment for academic, social, and moral growth. It will shape children into conscientious citizens dedicated to improving their communities and contributing to the nation's progress.

My heartfelt thanks all our supporters, CSR partners, well-wishers, volunteers, and the committed management team for your steadfast support in every endeavour. Your strong backing has enabled us to make a significant impact in the lives of individuals with disabilities. With your ongoing dedication, I am confident we will continue this journey with passion and enthusiasm, working tirelessly to build a more inclusive and empowering society. Thank you for being an essential part of our mission and journey.

Warm Regards,

Medha Kulkarni
Chairman

WELCOME TO OUR ADVISORY PANEL

Mr. Raghunath Sowani

A Chartered Accountant with over 30 years of experience in auditing, taxation, and related fields, joined Foundation's advisory panel in 2022. He has also served as a consultant for S.K. Kulkarni, C.A. firm. His extensive expertise and experience bring valuable insights to our financial and strategic operations.

Mr. Avinash Karkande

An advocate with over 35 years of extensive practice, he has been a member of the Advisory Panel of the Foundation since 2022. He is a renowned consultant for public charitable trust matters at the Charity Commissioner's Office in Pune. His invaluable guidance helps ensure the effective management and compliance of our activities, providing essential support for every step of our operations.

Mr. Shirish Dasnurkar

A renowned architect with over 39 years of experience, he has completed a wide array of large scale architecture projects across multiple cities in India and abroad. He has joined advisory panel of the Foundation in 2024. His guidance and support is playing valuable and active roll in upcoming projects; like "Gurukul" of the Foundation.

We, the trustees of the Make My Dream Foundation, meet at the regular interval to review the activities and future plans of the trust.

ANNUAL DAY CELEBRATION 2024

On the 21st of July, 2024, Make My Dream Foundation marked its 15th Annual Day with a grand celebration at the Ganesh Auditorium on Tilak Road Pune. The event was graced by the gracious presence of Chief Guest, Honorable Mr. Prashant Kothadiya, a distinguished social worker and educator.

The event's highlight was the felicitation of outstanding candidates who demonstrated excellence across various categories, receiving the esteemed Excellence Awards. In a meaningful recognition to parental responsibility, dedicated parents were also honoured, underscoring the vital role they play in nurturing and supporting their children's dreams.

These accolades were facilitated by the interest generated from the "Earmarked Funds for Awards," exemplifying the Foundation's dedication to nurturing talent and rewarding merit.

Marking the Foundation's 15th year journey, former candidates Irfan Pathan and Harshada Gade graced the stage to share their heartfelt experiences and the valuable insights gained through their journey with Make My Dream Foundation, inspiring everyone with their remarkable stories of growth and success.

Dedicated volunteers who played a pivotal role in the success of the Malhar

Trek were also specially recognized — a testament to the spirit of community and collaboration nurtured by the Foundation. Their invaluable contributions were appreciated by Chief Guest Mr. Prashant Kothadiya, highlighting the significance of collective efforts in turning dreams into reality.

The event was elegantly compered by Mrs. Yashashri Puneekar, whose articulate presentation infused charm and warmth into the proceedings, making the 15th Annual Day celebration of Make My Dream Foundation a truly memorable and inspiring experience for all present.

PROGRESS OF CANDIDATES (2024 - 2025)

Every candidate of Make My Dream Foundation with a disability exemplifies resilience & perseverance, inspiring everyone around them. Their unwavering determination to overcome challenges and pursue education despite adversity is truly admirable. We take immense pride in supporting their educational aspirations, ensuring that financial constraints do not hinder their academic journey. Our commitment remains steadfast in empowering individuals like them to achieve knowledge and fulfil their dreams.

Abhijit Dale: Aged 19, has faced the challenge of bilateral profound sensory neural hearing loss with remarkable courage. Despite being deaf, Abhijit's determination to pursue education has been unwavering.

Having completed his 10th std at S. Patil High School, Karad, Abhijit embarked on his journey of further education under a rehabilitation program. Supported by our organization, he successfully completed his 12th-grade studies in Commerce & is pursuing his F. Y. B. Com at C. R. Ranganathan College of Arts and Commerce, Pune, showcasing the power of determination and resilience in the face of adversity.

Akshay Lohkare: Aged 24, has shown incredible resilience in the face of bilateral severe sensory neural hearing loss. Despite this challenge, Akshay's determination to pursue education shines brightly.

Having completed his 10th Std at Navsamaj Vidya Mandir, Manivali, Akshay embarked on his journey of further education under a rehabilitation program. Supported by our organization, he successfully completed his 12th-grade studies in Commerce and is currently pursuing F.Y. B.Com at C. R. Ranganathan College of Arts and Commerce, Pune.

Aniket Bhone: Aged 19, has demonstrated extraordinary resilience despite facing the challenges of bilateral severe sensory neural hearing loss & mutism. Despite these obstacles, Aniket's determination to pursue education shines brightly.

After completing his 10th Standard at C. R. Ranganathan High School, Pune, Aniket embarked on his journey of further education under our rehabilitation program. Supported by our organization, he successfully completed his 12th-grade studies in Commerce and is currently pursuing his F.Y. B. Com at C. R. Ranganathan College of Arts and Commerce, Pune.

PROGRESS OF CANDIDATES (2023 - 2024)

Karan Kundle: Karan Kundle, aged 23, has shown remarkable resilience in the face of bilateral severe sensory neural hearing loss and mutism. Despite these significant challenges, Karan's determination to pursue education is truly inspiring.

After completing his 10th Standard at Navsamaj Vidya Mandir, Manivali, Karan embarked on his journey of further education under a rehabilitation program. Supported by our organization, he successfully completed his 12th-grade studies in Commerce and is currently pursuing his F. Y. B. Com at C. R. Rangnathan College of Arts and Commerce, Pune.

Sarika Pansare, aged 24, has demonstrated remarkable perseverance despite facing bilateral profound sensory neural hearing loss. Her dedication to education is truly commendable.

Having completed her 12th Commerce at C. R. Rangnathan Junior College, Pune, Sarika continued her educational journey.

With the support of our organization, she successfully completed her S. Y. B. Com and is currently pursuing T. Y. B. Com at C. R. Rangnathan College of Arts and Commerce, Pune.

Swapnali Pansare, aged 20, has shown remarkable determination despite facing bilateral profound sensory neural hearing loss. Her commitment to education is truly commendable.

After completing her 11th Commerce at C. R. Rangnathan Junior College, Pune, Swapnali continued her educational journey. With the support of our organization, she successfully completed her F. Y. B. Com and is currently pursuing S. Y. B. Com at C. R. Rangnathan College of Arts and Commerce, Pune.

Akash Bhor, aged 21, has demonstrated remarkable resilience despite facing bilateral profound sensory neural hearing loss, deafness, and mutism. His dedication to education is truly commendable.

After completing his 10th Standard at Nakoda Karnbadhir Vidyalaya, Bhivandi, Akash continued his educational journey. With the

support of our organization, he successfully completed his 12th-grade studies in Commerce and is currently pursuing D. Ed. -1st year at C. R. Rangnathan College, Pune.

Rohit Nigade, aged 20, has demonstrated remarkable resilience despite facing bilateral profound sensory neural hearing loss with delayed speech. His dedication to education is truly commendable.

After completing his 10th Standard at C. R. Rangnathan Karnbadhir Vidyalaya, Pune, Rohit continued his educational journey. With the support of our organization, he successfully completed his 11th-grade studies in Commerce and is currently pursuing his 12th-grade studies in Commerce at C. R. Rangnathan College Junior of Arts and Commerce, Pune.

Rohan Nigade, aged 20, has demonstrated remarkable resilience despite facing bilateral profound sensory neural hearing loss with delayed speech. His dedication to education is truly commendable.

After completing his 10th Standard at C. R. Rangnathan Karnbadhir Vidyalaya, Pune, Rohan continued his educational journey. With the support of our organization, he successfully completed his 11th-grade studies in Commerce and is currently pursuing his 12th-grade studies in Commerce at C. R. Rangnathan College Junior of Arts and Commerce, Pune.

SOCIAL AWARENESS

Visit to "Dene Samajache" 2024, Pune

Our candidates visited the unique exhibition for NGO's and obtained information about various NGO's working for different cause.

SOUND PROCESSOR

Sound Processor – Project III - 2024

Gauri Pansare from Ahmednagar, of age 13 is a case of bilateral congenital profound sensory neural 100% hearing loss by birth.

In 2016, Gauri underwent Cochlear Implant surgery. Gauri integrated in normal school and started communicating near normal speech. Cochlear Implant helped her to remain part of mainstream society.

Functioning of Sound Processor provided to Gauri in 2016 got badly affected since January 2024 requiring huge amount for repairs. Hence Gauri was advised for up gradation of sound processor. The cost of new sound processor was of Rs. 3,12,900/=. Gauri's father being sole earning member in the family approached Make My Dream Foundation for financial assistance. He raised hand loans and put own contribution of Rs. 2.13 lacs but still shortfall of Rs. 1,00,000.00. Make My Dream Foundation raised funds of Rs. 1.00 lacs towards the gap and successfully completed the project in August 2024.

Gauri is pursuing her 7th standard studies at Ahmednagar. She could continue her education with our timely help.

We are very much grateful to Shirish Dasnurkar and Associates, who donated matching amount towards the project and helped us to make it happen.

Sound Processor – Project IV - 2024

Ruturaj Belanke from Kolhapur, of age 13 is a case of bilateral congenital profound sensory neural 100% hearing loss by birth.

In 2016, Ruturaj underwent Cochlear Implant surgery. Ruturaj integrated in normal school and started communicating near normal speech. Cochlear Implant helped him to remain part of mainstream society.

Functioning of Sound Processor provided to Ruturaj in 2016 got badly affected since May 2024 requiring huge amount for repairs. Hence Ruturaj was advised for up gradation of sound processor. The cost of new sound processor was of Rs. 3,12,900/=. Ruturaj's father being sole earning member in the family approached Make My Dream Foundation for financial assistance. He raised hand loans and put own contribution of Rs. 1.90 lacs but still shortfall of Rs. 1,22,900.00. Make My Dream Foundation raised entire funds towards the gap and successfully completed the project in October 2024.

Ruturaj is pursuing his 7th standard studies at Kolhapur. He could continue his education with our timely help.

We are very much grateful to Mrs. Nileema Varadan, Mr. Vivek Apte, Mr. Vinod Kulkarni and Dr. Milind Kulkarni, who donated matching amount towards the project and helped us to make it happen.

Trek the Sajjangad...

On January 19, 2025, a remarkable journey unfolded as 3 students with locomotor disabilities and 17 students with hearing impairments, accompanied by 8 dedicated volunteers, successfully climbed Sajjan Fort under the leadership of Make My Dream Foundation.

This achievement was made possible through the generous support of Mr. Dwarkanath Unde and Mrs. Uttara Joshi, along with the invaluable assistance of special educators Mr. Rushikesh Raykar, Mr. Rohit Jadhav, Mr. Rohan Suryawanshi, and Mr. Nitin Katrale. Their unwavering dedication played a pivotal role in making this expedition a memorable and inspiring experience.

Additionally, the warmth and empathy of Mr. Yashwant Pansare, a parent of a hearing-impaired child, further enriched the journey, making the experience even more meaningful.

Sajjangad, meaning "Fort of Good People", is located near the city of Satara. It is the final resting place of Sant Ramdas in the 18th Century India. His teachings and works written in the books such as "Dasbodh" are read and followed by many people today. Sajjangad is popular place of pilgrimage.

This time, Make My Dream Foundation organized a trek to Sajjangad, seamlessly blending the thrill of adventure with a profound sense of devotion. The journey offered candidates a unique experience of adapting to any situation with love and positivity, reflecting the essence of life's deeper meaning.

For these extraordinary children, the trek to Sajjan Fort became a powerful testament that their dreams are not just within reach, but destined to come true. With each new adventure, they carry an unwavering belief that together, they can conquer any obstacle and transform their dreams into reality.

On behalf of Make My Dream Foundation, we extend our heartfelt gratitude to all the volunteers who generously dedicated their time, energy, and support to make the trek to Sajjangad a resounding success. Their selfless contribution played an invaluable role in empowering the children and enriching their journey with warmth, encouragement, and companionship. Their steadfast dedication reflects the core values of Make My Dream Foundation, and we are extremely grateful for their consistent support and commitment.

CURRENT SUPPORT PROGRAM

Established on March 27, 2009, the Make My Dream Foundation is dedicated to the comprehensive rehabilitation of physically challenged children from economically disadvantaged backgrounds. Our mission encompasses several key objectives:

- 1. Empowerment through Education and Self-Reliance:** We strive to empower physically challenged children by providing them with access to education and fostering self-confidence, enabling them to fully participate in and contribute to an inclusive society.
- 2. Enhanced Infrastructure for Mobility:** To work towards creating basic infrastructure that facilitates hassle-free mobility for individuals with disabilities, ensuring they can navigate the world with ease and independence.
- 3. Raising Awareness and Advocacy:** Through community outreach and education initiatives, we seek to raise awareness about the genuine needs of various disabled communities. We advocate for their rights and opportunities, promoting a society where all individuals can live with dignity.
- 4. Establishment of a Rehabilitation Centre:** Our goal is to establish a comprehensive Rehabilitation Centre dedicated to providing tailored support and resources for physically challenged children, facilitating their physical, emotional, and social development.

In the fiscal year 2022-2023, in alignment with our commitment to inclusivity, we have expanded our focus to include the rehabilitation of economically disadvantaged individuals without physical disabilities. This expansion reflects our dedication to fostering a truly inclusive society where everyone, regardless of their physical abilities, has the opportunity to thrive.

Phase I – Current Project

Phase I of our initiative is for empowering 10th-grade students with physical challenges to pursue higher or vocational education, fostering self-reliance and dignity through personalized counselling. To date, we have successfully rehabilitated 68 candidates, with 9 currently enrolled in the 2024-2025 fiscal year. Our financial assistance covers educational expenses, accommodation, transportation, study materials, and other essentials, supporting candidates until they complete their mainstream education while promoting a healthy lifestyle.

The program begins with an aptitude test and counselling sessions to help candidates explore educational paths aligned with their strengths and interests. Candidates independently select their educational streams, with our unwavering support throughout the admission process into mainstream colleges, fostering inclusive learning environments.

Our candidates pursue diverse fields such as engineering, fine arts, commerce, tourism, horticulture, crèche and pre-school management, culinary arts, music, and electronics/IT. Remarkably, 50 out of the 68 graduates are now leading independent lives—some enjoying fulfilling marriages, while others prepare for competitive examinations.

Our one-on-one counselling approach is instilling the belief that despite physical challenges, candidates possess sound mental health and the potential to thrive. We emphasize that financial and social support from the Make My Dream Foundation is an opportunity, not a limitation. Furthermore, we encourage candidates to envision a future where they contribute to society's well-being, ultimately repaying the support received by creating opportunities for fellow individuals with similar challenges.

We appreciate your generosity

We are deeply grateful to **Chandorkar and Limaye Chartered Accountants** for their invaluable financial assistance towards our Education Support Program for Children. Their continued support over the past several years has been instrumental in shaping a brighter future for these children.

GURUKUL

Phase II – Upcoming Project - Gurukul

Make My Dream Foundation is embarking on its ambitious Dream Project titled "Gurukul: An Independent Beginning." Gurukul will be a residential facility designed to support and empower both physically challenged (divyang) individuals and economically disadvantaged individuals who are physically normal. Spanning approximately 35,000 square feet on a one-acre plot near Pune City, Gurukul aims to accommodate over 50 candidates alongside essential caretakers, while also serving as a vibrant residential cultural centre.

Key features of Gurukul include:

- ♦ Residential accommodation strategically located near mainstream schools and colleges.
- ♦ Vocational training facilities.
- ♦ A comprehensive medical care unit with provisions for pre and postoperative care as well as recovery services.
- ♦ Facilities for physiotherapy, a gymnasium, and yoga sessions.
- ♦ A dedicated unit for manufacturing prosthetic limbs.
- ♦ Resources such as a library with Braille books, an audio room for the hearing impaired, music rooms, art and craft sections, a computer lab, an auditorium, and a swimming pool.
- ♦ Emphasis on environmental sustainability with initiatives like horticulture, solar-powered projects, water recycling, bio-gas energy, and creating an eco-friendly environment.

For individuals with severe disabilities - Gurukul will create income generating various projects within the campus to promote self-reliance and dignity.

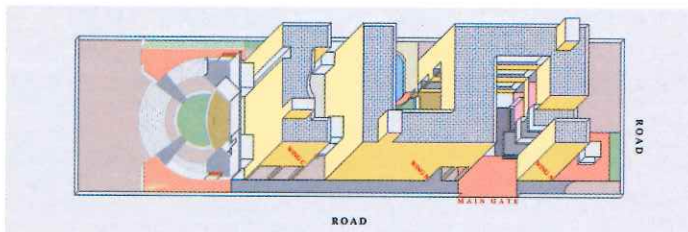

Income Source

Our primary source of income comes solely from public donations, as we have not sought any Government grants. The foundation recognizes the rising cost of higher education & remains committed to reaching out to underprivileged candidates, enabling their access to education & essential support.

Make My Dream Foundation extends heartfelt gratitude to all its donors for their steadfast support and generosity.

Your generous and kind help is playing and will have a precious role always.

Needless to mention our donors are eligible to get 50% exemption under section 80G of Income Tax Act, 1961.

Gurukul's initial plan is ready,
We are waiting for final approval from the Collector office to purchase the land.

We have launched our redeveloped website with latest updates.
We request you to visit "www.makemydream.org.in" and share the same to your contacts and help us to get the donations for "Gurukul"
